WORK EXPERIENCE

Front End Developer
Hardcore Biometrics Systems

05/2023 - Present   *abuja, Nigeria*

Achievements/Tasks

- Built microservice frontend applications using react for the Nigerian Police Force, facilitating seamless criminal investigation and execution processes
- worked in an agile environment with daily standups, tracked user stories, and participated in sprint planning and weekly retrospectives.
- collaborated with quality assurance to test new pages/products and fix errors.
- Collaborated with product team members to implement new feature developments.

Front End Developer
Knowledge Exchange System

10/2022 - 07/2023   *abuja, Nigeria*
https://www.nstikxc.gov.ng/

Achievements/Tasks

- Led development of a feature-rich React app with Tailwind CSS, useReducer, and Context API, ensuring a consistent UI and optimal data flow.
- Optimized app performance for faster loading times and improved user experience using Tailwind CSS utility classes and critical rendering optimizations.
- Actively contributed to team collaboration through code reviews, pair programming, and knowledge-sharing initiatives.

Front End Developer
Fleek Space

06/2023 - Present   *abuja, Nigeria*
https://www.fleekspace.com/

Achievements/Tasks

- Spearheaded the frontend development of Fleekspace, a web application built with Next.js, utilizing React for dynamic UI components and state management.
- Collaborated closely with the UX/UI design team to translate wireframes and mockups into interactive, user-friendly features.
- Integrated advanced search and filtering options to optimize user experience and facilitate easy navigation.
